Officer's Reports

- President
- Vice-President: Various events throughout the school year allowed us to support things such as the STEM fair. Will bring on Michaels place in a new form, details to follow, will start with K-1st grade.
- Secretary: We will publish the 2023-2024 school year events calendar as soon as the information becomes available.
- Treasurer: fun run netted \$15K. School Store picked up towards the end of the year, slow start. School supply kits, school and PTC get a kick-back. A great/simple way to fundraise, coming tomorrow 5/19.

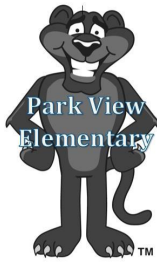

Principal's Report

- GECRC presentation by Leah Harding... GECRC is expanding to PV for next year. They have been doing a lunch mentor program since March with great success. Students will have an opportunity for tutoring through GECRC volunteers.
- Thank you to PTC for their support during teacher appreciation week. It was a big success and the staff were very grateful for the treats and gifts.
- The teachers and students are excited to be going on field trips as well as end of the year events. It is great to have events back. We are thankful to PTC for partnering with us for field day, STEAM night and other volunteer opportunities.
- 2nd grade and kindergarten had a music showcase for families. In addition the band and choir are hosting showcases to the school. They also have concerts coming up.
- We are looking forward to wrapping up the school year. There will be summer opportunities for students to continue practicing reading and math.
- Summer construction update was given. Park View will work out of Briar Glen. The regular phone number will still reach Stephanie. Parents can pick up/drop off materials and residency at BG, directions will be given.

 - Fun Run
 - Olympic Field Day

PTC General Meeting Agenda

- School Store: There's an appetite to try a new approach, will consider not staggering the kids, in September have all grades come in weekly to see how that drives business. Kindergarten inclusion is on the table, but questionable.
- Golf Outing: Sept 10th, haven't hosted this event in a few years, typically does very well for the PTC.
- Box Tops: Not much engagement this year. We'll consider connecting the fundraising to a specific item/events for the kids to bring awareness and excitement.
- Any event suggestions?
- Parent trivia night idea to plan for in the fall.
- Family bowling event to be planned in the winter
- Square One art again, potentially moving to the fall.
- McDonalds event with teachers idea still on the table, however availability to lock in with the location is challenging.
